1. Claim 18 is allowable over the prior art of record.
2. Claims 1-17 and 19-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claim 1 is indefinite and unclear in that the preamble presents the claim as being directed to a system for "monitoring," but the body of claim 1 has no structure directed to monitoring at all.

Independent claim 19 is indefinite and unclear in that the preamble presents the claim as being directed to a method for "monitoring," but the body of claim 19 has no method steps directed to monitoring at all.

Dependent claims 2-17 and 20-29 are unclear in that they depend from unclear independent claims 1 and 19.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The examiner-cited prior art herewith is of general interest for showing similar prior art systems and methods.
